

IRVING RESOURCES INC.
INFORMATION CIRCULAR

This information is given as of July 2, 2019, unless otherwise stated.

This information circular is furnished in connection with the solicitation of proxies by the management of Irving Resources Inc. (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying notice of meeting and at any adjournment thereof.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders’ nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining from their principals authorization to execute forms of proxy. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised that they intend to oppose any action intended to be taken by management as set forth in this information circular. The Company is using the notice and access provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) to deliver the information circular to its registered shareholders.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person in place of the persons named in the enclosed instrument of proxy to attend and act for him on his behalf at the Meeting. To exercise this right, a registered shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy. The completed instrument of proxy should be deposited with the Company's registrar and transfer agent, Computershare Investor Services Inc. at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1 at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays and holidays.**

The instrument of proxy must be dated and be signed by the registered shareholder or by his attorney in writing, or, if the shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer.

In addition to revocation in any other manner permitted by law, a registered shareholder may revoke a proxy either by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, or (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the chairman of the Meeting prior to the commencement of the Meeting or any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

Only registered shareholders have the right to revoke a proxy. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this information circular. The instrument of proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. The enclosed instrument of proxy does not confer authority to vote for the election of any person as a director of the Company other than for those persons named in this information circular. At the time of printing of this information circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

NON-REGISTERED HOLDERS

The record date for determination of the holders of common shares of the Company entitled to receive notice of, and to vote at, the Meeting is July 2, 2019 (the “**Record Date**”). Only shareholders whose names have been entered in the register of common shareholders at the close of business on the Record Date (“**Registered Shareholders**”) will be entitled to receive notice of, and to vote at, the Meeting.

Only Registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the common shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the common shares. More particularly, a person is not a Registered Shareholder in respect of common shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the common shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency of which the Intermediary is a participant. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration for the Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many United States brokerage firms and custodian banks).

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “**NOBO’s**”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “**OBO’s**”. In accordance with the requirements of NI 54-101, the Company has elected to send the notice of meeting, this information circular and the proxy (collectively, the “**Meeting Materials**”) directly to the NOBO’s, and indirectly through Intermediaries to the OBO’s. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. The Company does not intend to pay for an Intermediary to deliver Meeting Materials to OBOs. Accordingly, OBOs will not receive the Meeting Materials unless their Intermediary assumes the costs of delivery.

Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**voting instruction form**”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of common shares beneficially owned by the Non-Registered Holder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services Inc. at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1 not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of holding the Meeting or adjournment thereof.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the common shares they beneficially own. Should a Non-Registered Holder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Holder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies, including those regarding when and where the voting instruction form or the proxy is to be delivered.**

The Meeting Materials are being sent to both Registered Shareholders and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holding of common shares of the Company have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the voting instruction form.

All references to shareholders in the Meeting Materials are to Registered Shareholders unless specifically stated otherwise.

NOTICE AND ACCESS

The Company is using the notice and access process under NI 54-101 (“**Notice and Access**”) for the delivery to shareholders of the Meeting Materials. Accordingly, the Meeting Materials will be delivered by posting them on the Company’s website at <http://www.irvresources.com/s/AGM.asp>. The Meeting Materials will be available on the Company’s website for one year and will also be available under the Company’s profile on SEDAR at www.sedar.com.

Shareholders who wish to receive paper copies of the Meeting Materials may request them by calling the Company at (604) 682-3234 or toll free at 1-888-242-3234. To receive paper copies in advance of the proxy deposit deadline, the Company must receive the request no later than 4 p.m. (Pacific Time) on August 12, 2019.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of common shares without par value. At the close of business on July 2, 2019, 48,199,867 common shares without par value of the Company were issued and outstanding, each share carrying the right to one vote. At a general meeting of the Company, on a show of hands, every Shareholder present in person shall have one vote and, on a poll, every shareholder shall have one vote for each common share of which he is the holder.

Only common shareholders of record on the close of business on July 2, 2019 who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the heading "Appointment and Revocation of Proxies" will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying 10% or more of the outstanding voting rights of the Company except as follows:

Name	Number of Common shares	Percentage of Issued and Outstanding Common Shares
Eric Sprott ¹	5,536,228 ²	11.49%

¹ The Company understands that 2176423 Ontario Ltd., a company beneficially owned by Eric Sprott, holds 4,036,228 of these shares.

² This information was obtained from www.SEDI.ca

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this information circular, to the knowledge of management of the Company, none of the directors or executive officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or executive officers of the Company since the commencement of the Company's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors and the appointment of the Company’s auditor.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

For the purposes of this information circular, “informed person” means:

- (a) a director or executive officer of the Company;

- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company, or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) the Company if it has purchased, redeemed or otherwise acquired any of its own securities, for so long as it holds any of its securities.

No informed person, no proposed director of the Company and no associate or affiliate of any such informed person or proposed director has or has had any material interest, direct or indirect, in any transaction undertaken by the Company during its last completed financial year or in any proposed transaction, which, in either case, has materially affected or will materially affect the Company or any of its subsidiaries.

STATEMENT OF EXECUTIVE COMPENSATION

In this section “Named Executive Officer” means:

- (a) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief executive officer (“CEO”), including an individual performing functions similar to a chief executive officer;
- (b) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief financial officer (“CFO”), including an individual performing functions similar to a chief financial officer;
- (c) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and
- (d) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was not an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year.

As of the fiscal year ended February 28, 2019, the Company had two Named Executive Officers (“NEOs”), namely Akiko Levinson, CEO and President, and Lisa Sharp, CFO and Secretary.

All dollar amounts referenced herein are in Canadian dollars unless otherwise specified.

Oversight and Description of Director and Named Executive Officer Compensation

As at the fiscal year ended February 28, 2019, the Company’s board of directors (the “**Board**”) did not have an executive committee or compensation committee. The compensation paid by the Company to its NEOs is determined by the Board. The Board evaluates the performance of the NEOs, reviews the Company’s cash position and general public market conditions, establishes executive officer compensation and determines the general compensation structure, policies and programs of the Company. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives, as well as align the compensation level of each executive to that

executive's level of responsibility; bearing in mind the very limited cash reserves of the Company. In general, a NEO's compensation is comprised of (i) base salary; (ii) option based awards; and (iii) bonus.

Compensation Discussion and Analysis

The Company's compensation philosophy for executive officers follows three underlying principles:

- (a) to provide compensation packages that encourage and motivate performance;
- (b) to be competitive with other companies of similar size and scope of operations so as to attract and retain talented executives; and
- (c) to align the interests of its executive officers with the long-term interests of the Company and its shareholders through stock related programs.

When determining compensation policies and individual compensation levels for the Company's executive officers, the Company takes into consideration a variety of factors, including the overall financial and operating performance of the Company, and the Board's overall assessment of:

- (a) each executive officer's individual performance and contribution towards meeting corporate objectives;
- (b) each executive officer's level of responsibility,
- (c) each executive officer's length of service; and
- (d) industry comparables.

In keeping with the Company's philosophy to link executive compensation to corporate performance and to motivate executives to achieve exceptional levels of performance, the Company has adopted a model that includes both base salary or consulting fees and "at-risk" compensation, comprised of participation in the Company's stock option plan, as described below. In addition, the Company may award performance bonuses based on executives meeting short-term performance milestones.

Base Salary - Fees

Base salary and consulting fee levels reflect the fixed component of pay that compensates executives for fulfilling their roles and responsibilities and assists in the attraction and retention of highly qualified executives. Base salaries are reviewed annually to ensure they reflect each respective executive's performance and experience in fulfilling his or her role and to ensure executive retention. Currently base salaries and consulting fees are set at below industry standard levels to make more capital available for development of the Company's business. Compensation is made up with the provision of stock options (see below for description). Salary and consulting fee levels will be reviewed and revised as the Company grows.

Stock Options

Performance-based incentives are granted by way of stock options. The awards are intended to align executive interests with those of shareholders by tying compensation to share performance and to assist in retention through vesting provisions. Grants of stock options are based on:

- (a) the executive's performance;
- (b) the executive's level of responsibility within the Company;
- (c) the number and exercise price of options previously issued to the executive;
- (d) the difference between the executive's salary and that paid by comparable companies; and
- (e) the overall aggregate total compensation package provided to the executive. A Black-Scholes valuation is used to determine the value of any long-term options allocated.

Options are expected to be granted on an annual basis in connection with the review of executives' compensation packages. Options may also be granted to executives upon hire or promotion and as special recognition for extraordinary performance.

Chief Executive Officer Compensation

The components of CEO compensation are the same as those which apply to the other executive officers of the Company, namely base salary or consulting fees, stock option incentives and discretionary performance bonuses (which are subject to targets being achieved). In setting the recommended salary or consulting fees of the CEO, the Company takes into consideration the salaries or fees paid to other chief executive officers in similar industries and in the public company sector, as described above under the heading "Compensation Discussion and Analysis". In setting the salary or fees, performance bonus and long-term incentives for the CEO, the Company evaluates the performance of the CEO in light of her impact on the achievement of the Company's goals and objectives.

Risk Management

The Board has not evaluated the implications of the risks associated with the Company's compensation policies and practices.

The Company has not adopted a policy forbidding directors or officers from purchasing financial instruments designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. The Company is not, however, aware of any directors or officers having entered into this type of transaction.

Stock Option Plans and Other Incentive Plans

The Company has a “rolling” stock option plan (the “**Plan**”), whereby a maximum of 10% of the issued and outstanding common shares of the Company, from time to time, may be reserved for issuance pursuant to the exercise of options. The material terms of the Company’s Plan are as follows:

1. The term of any options granted under the Plan will be fixed by the Board or applicable committee at the time such options are granted, provided that options will not be permitted to exceed a term of ten years.
2. The exercise price of any options granted under the Plan will be determined by the Board or applicable committee, in its sole discretion, but shall not be less than the closing trading price of the Company’s common shares preceding the grant of such options, less any discount permitted by the regulatory authorities.
3. Unless otherwise imposed by the Board or applicable committee, no vesting requirements will apply to options granted under the Plan. A four month hold period, commencing from the date of grant of an option, will apply to all shares issued upon exercise of an option only if the exercise price of the stock options is based on less than market price.
4. All options will be non-assignable and non-transferable except in the event of the death of the holder of the option.
5. The aggregate number of options which may be granted to any one option holder under the Plan within any 12 month period must not exceed 5% of the number of issued and outstanding

common shares of the Company (unless the Issuer has obtained disinterested shareholder approval).

6. If required by regulatory rules, disinterested shareholder approval is required to the grant to Insiders (as a group), within a 12 month period, of an aggregate number of options which, when added to the number of outstanding incentive stock options granted to insiders within the previous 12 months (calculated at the date an option is granted to an insider), exceed 10% of the number of issued and outstanding common shares of the Company.
7. The aggregate number of options which may be granted to any one consultant within any 12 month period must not exceed 2% of the number of issued and outstanding common shares of the Company, calculated at the date an option is granted to a consultant.
8. The aggregate number of options which may be granted within any 12 month period to employees or consultants engaged in investor relations activities must not exceed 2% (or such lower percentage as is required by regulatory rules) of the number of issued and outstanding common shares of the Company, calculated at the date an option is granted to any such employee or consultant, and such options must vest in stages over a period of not less than 12 months with no more than 25% of the options vesting in any three month period.
9. Generally, an option will expire on the 30th day following the date on which an option holder ceases to be a director, officer, employee or consultant of the Company (other than by reason of death or disability) or such later date (up to one year) as may be determined by the Board or applicable committee.

Reference should be made to the full text of the Plan which will be made available at the Company's office, 999 Canada Place, Suite 404 Vancouver, British Columbia, until the business day immediately preceding the date of the Meeting.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. National Policy 58-201 *Corporate Governance Guidelines* ("NP 58-201") establishes corporate governance guidelines which apply to all public companies. These guidelines are not intended to be prescriptive but to be used by issuers in developing their own corporate governance practices. The Board is committed to sound corporate governance practices and feels that the Company's corporate governance practices are appropriate and effective for the Company given its current size.

The Company's corporate governance practices are summarized below.

Board of Directors

The Board is currently composed of Akiko Levinson, Dr. Quanton Hennigh, Kevin Box and Dr. Kuang Ine Lu. Dr. Lu is not standing for re-election at the Meeting.

NP 58-201 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as "independent" directors. An "independent" director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the company, other than interests and relationships arising from shareholding. In addition, where a company has a significant shareholder, NP 58-201 suggests that a board of directors should include a number of directors who do not have interests in either the company or the significant shareholder. Of the current directors, Kevin Box and Dr. Kuang Ine Lu are considered by the Board to be "independent" within the meaning of NP 58-201. Akiko Levinson is an executive officer of the Company and Dr. Quanton Hennigh is an executive officer of a subsidiary of the Company, and accordingly, they are considered to be "non-independent".

The Board meets formally on an as needed basis to review and discuss the Company's business activities, and to consider and if thought fit, to approve matters presented to the Board for approval, and to provide guidance to management. In addition, management informally provides updates to the Board at least once per quarter between formal meetings. In general, management consults with the Board when deemed appropriate to keep it informed regarding the Company's affairs.

The Board facilitates the exercise of independent supervision over management through these various meetings. At present, the Board does not have any formal committees other than its audit committee. When necessary, the Board will strike a special committee of independent directors to deal with matters requiring independence. The composition of the Board is such that the independent directors have significant experience in business affairs and, as a result, these directors are able to provide significant and valuable independent supervision over management.

In the event of a conflict of interest at a meeting of the Board, the conflicted director will in accordance with corporate law and in accordance with his fiduciary obligations as a director of the Company, disclose the nature and extent of his interest to the meeting and abstain from voting on or against the approval of such participation.

The current directors of the Company are directors of other reporting issuers as shown.

Name of Director	Name of Other Reporting Issuer
Akiko Levinson	Novo Resources Corp.
Dr. Quanton Hennigh	Novo Resources Corp. NV Gold Corporation Precipitate Gold Corp. TriStar Gold Inc. Miramont Resources Corp.

Orientation and Continuing Education

At present, the Company does not provide a formal orientation and education program for new directors. Prior to joining the Board, potential members are encouraged to meet with management and inform

themselves regarding management and the Company's affairs. After joining the Board, management and the Board chair provide orientation both at the outset and on an ongoing basis. The Company currently has no specific policy regarding continuing education for directors, and requests for education are encouraged, and dealt with on an ad hoc basis.

Ethical Business Conduct

The Board does not currently have a written code of ethics, but views good corporate governance as an integral component to the success of the Company. The Company's audit committee has established a "whistleblower" policy to encourage employees to raise concerns about business conduct.

Nomination of Directors

The Board does not have a nominating committee. Once a decision has been made to add or replace a director, the task of identifying new candidates will fall on the Board and management. If a candidate looks promising, the Board and management will conduct due diligence on the candidate and interview the candidate and if the results are satisfactory, the candidate is invited to join the Board.

Details regarding the compensation of Named Executive Officers and directors are discussed under "Statement of Executive Compensation – Compensation Discussion and Analysis" and "Statement of Executive Compensation – Compensation of Directors".

Other Board Committees

The Company has no committees other than the audit committee. The Board has not determined that additional committees are necessary at this stage of the Company's development.

Assessments

At present, the Board does not have a formal process for assessing the effectiveness of the Board, the Board committees and whether individual directors are performing effectively. These matters are dealt with by the Board on a case by case basis. The Board is of the view that the Company's shareholders are the most important assessors of Board performance and that they provide the most effective, objective assessment of the Board's performance.
