Irving Resources Reports Non-Brokered Private Placement

Vancouver, British Columbia, January 22, 2026 (TheNewswire) - Irving Resources Inc. (CSE: IRV; OTCQX: IRVRF; FSE: IIR) (“**Irving**” or the “**Company**”) is pleased to announce its intention to undertake a non-brokered private placement (the “**Private Placement**”) to raise gross proceeds of approximately \$2,000,000 by the issuance of units of Irving (each, a “**Unit**”) at a price of \$0.25 per Unit. Each Unit will consist of one common share of the Company (each, a “**Share**”) and one-half of one transferrable Share purchase warrant (each whole Share purchase warrant, a “**Warrant**”), with each Warrant entitling the holder to purchase one Share for a period of three years from the date of issuance at a price of \$0.35 per Share.

The Company intends to apply the net proceeds from the Private Placement towards resource exploration properties in which Irving holds an interest and towards general working capital. All securities issued by the Company under the Private Placement will be subject to a hold period expiring four months after the date of issuance of the securities. Finder’s fees may be payable in connection with some subscriptions.

It is anticipated that there may be insider participation in the Private Placement and that such participation will be exempt from the valuation and minority shareholder approval requirements of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*. It is expected that the material change report relating to the Private Placement will not be filed at least 21 days before the closing of the Private Placement, and the Company believes this to be reasonable because it will be prudent to close the Private Placement at the earliest possible opportunity.
